Model 614SAS
Floor Model
Select-A-Shake
Machine

The **SaniServ** Model 614SAS Shake Machine provides up to four flavors of uniform, smooth, high profit shakes! Using a CO² process to mix flavors while shake product is dispensed, customers will always have their favorite flavor available with no extra mixing and measuring! Owners and operators will appreciate the machine's quick recovery time and ability to provide everyone's favorite flavor quickly even during peak operating periods! The 614SAS can satisfy everyone with their favorite flavor every time!

Space Saving

Compact Floor Model Design - **SaniServ** model 614SAS provides a high volume of milk shake in the traditional floor model design. Operators can turn that valuable floor space into a high profit center by providing consistent high quality shakes customers demand.

Easy Cleaning and Operation

Fewer Parts = Simplified Cleaning – **SaniServ** equipment is designed and built with the fewer parts to be disassembled, cleaned and sanitized than any other machine in the industry.

High Return on Investment

Increased Profits – **SaniServ** machines combine efficiency with consistent product quality and fast quiet operation while insuring customer satisfaction with high profit ice cream or yogurt products.

Quality Design

Durability – **SaniServ** machines are built to achieve long and dependable life through simplicity of design. Every machine is shipped standard with a stainless steel exterior, durable steel interior frame construction, heavy-duty components and consistency systems.

Made in the USA
